

Hi KODC members,

Hope all is well with everyone. As you are probably aware, the current restrictions are still preventing the club from re-opening, and we still do not have enough information to clearly determine when the club can re-open.

Please continue to check the website (or facebook) as restrictions are eased to see if/when we will be re-opening.

At the October committee meeting (held on October 7th, 2020), it was decided that the following will apply in regard to membership renewals:

- 2020 memberships (those members with a purple membership card) will have their membership extended by 12 months to 31 October 2021, at no additional cost.

Upon the club re-opening and you returning to the club, we will require all members with purple cards to come to the office to have their card replaced with a yellow card. Please note: we will need to keep your purple card.

- 2021 memberships (those members with a yellow membership card) require no action as these memberships are already valid until 31 October 2021.
- In the event that you have lost/can't find your card, please come to the office once we re-open and we can issue you with a new card.

In the meantime, please take care and hopefully we'll see you back at the club soon.
